drinking water

# AGRI-CID 360

Liquid acidifier for poultry and pig drinking water

**AGRI-CID 360** is a liquid acidifier for livestock drinking water. AGRI-CID 360 removes accumulated minerals and lowers the pH of poultry and swine drinking water. Lowering the pH improves the effectiveness of cleaning agents, chlorination, or antibiotics administered to the water, which is essential for optimal performance.

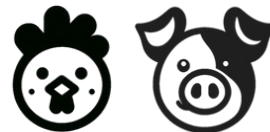

## BENEFITS :

- Keeps water lines clean
- Reduces biofilms and limescale buildup
- Allows for more efficient chlorination
- Dosage facile
- Titration facile

**AT LIBERCHEM, SAFETY  
FOOD IS OUR PRIORITY!**

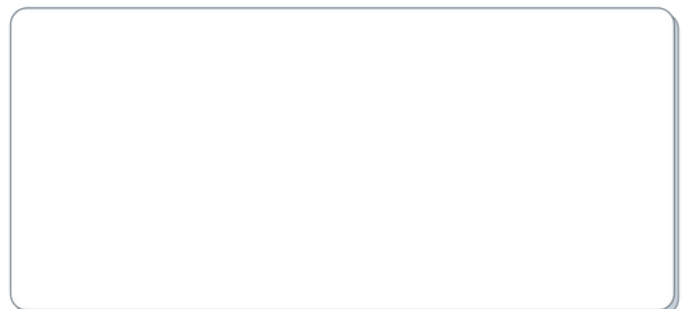

## CATEGORIES

## PRODUCT FORMATS:

- 20 Litres : 105623-336
- 55 Litres : 105623-354
- 200 Litres : 105623-581
- 1040Liters: 105623-582
