

LIBERCHEM

ALKADET

Liquid detergent for processing and institutional establishments

ALKADET

Liquid detergent for processing and institutional establishments

ALKADET is formulated for use in food plants, commercial laundries, hotels, motels, hospitals, nursing homes and other service establishments.

It is a liquid laundry detergent that works in all water conditions. It helps prevent fabrics from graying by suspending dirt.

Plus, it makes whites whiter and colors vibrant.

It is safe for all fabrics

BENEFITS :

- Nonylphenol free
- Efficient and economical
- Chlorine-free, it is gentle on all fabrics
- Prevents graying and color change.

**AT LIBERCHEM, CLEANLINESS
