HOOF PRO-GREEN RTU

READY-TO-USE SPRAY FOOTBATH

HOOF PRO GREEN RTU is a suitable solution for direct application with an automatic or manual spray system, composed of a formula based on essential oils, a bactericide and a natural fungicide without the use of formaldehyde or copper sulfate.

BENEFITS :

- Non-toxic, non-corrosive, safe to handle for the environment and the user. • Contains complex broad-spectrum fungicides and bactericides.
- Effective against spirochete bacteria which are one of the causes of digital dermatitis.
- Prevents contagion and spread in your herd.
- Fights infections and helps wounds heal.
- Eliminates hazardous materials and metals in fields and the environment.
