disinfecting fabric wipes

# LAVODET

## Concentrated liquid detergent for disinfecting fabric wipes

LAVODET has been specially formulated for fabric washing needs where disinfection of fabric fibers is important. The addition of active chlorhexidine helps neutralize bacteria and emollients leave fabrics soft to the skin.

It is also an active detergent in hard water conditions. It helps prevent fabrics from graying by suspending dirt. In addition, it makes whites whiter and colors brighter. It is safe for all fabrics.

### BENEFITS :

- Nonylphenol free
- Efficient and economical
- Chlorine-free, it is gentle on all fabrics
- Prevents graying and color change.
- Sanitizes and deodorizes

**AT LIBERCHEM, CLEANLINESS  
IS OUR PRIORITY.**
